KETU NORTH MUNICIPAL ASSEMBLY

DEPARTMENT OF STATISTICS

FOURTH QUARTER REPORT FOR 2022

Vision:

The District Statistics Department aspire to provide reliable and responsive statistical services for good governance and development.

Mission:

To harness, produce and manage quality local level statistics based on the national standards using the competent staff for evidence-based decision making in support of local and national development.

Responsibilities

Statistics department has been task with the responsibility for all data management and analysis to help inform decisions in the Assembly. This authority is driven from the establishment of the Statistics Department at the MMDAs as per the Second Schedule of the Local Governance Act 936, 2016.

Activities

Creation of Data Hub

The department through its establishment in 2018 has make it a priority to develop a common platform for harmonizing all data related activity and storage. The platform will be called the Ketu North Municipal Data Hub. It is one of the key action plans of the department for 2022. The department has embarked on a consultative engagement with various stakeholder to get them up to speed and also understand their way of operation and reporting to ease the path when the project takes off. Some of the departments and Offices visited during the quarter are tabulated below;
